###

Clark County is a dynamic and innovative organization dedicated to providing top-quality service with integrity, respect and accountability. With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark is the nation's 15th-largest county and provides extensive regional services to more than 2 million citizens and 44 million visitors a year. Included are the nation's 7th-busiest airport, air quality compliance, social services and the state's largest public hospital, University Medical Center. The county also provides municipal services that are traditionally provided by cities to almost 900,000 residents in the unincorporated area. Those include fire protection, roads and other public works, parks and recreation, and planning and development. In 2009, Clark County celebrates a "century of service."
